SUPERIOR COURT OF CALIFORNIA, COUNTY OF EXAMPLETON
LOCAL RULES
CHAPTER 3. CIVIL LAW AND MOTION AND DISCOVERY
Effective January 1, 2026

FICTIONAL DOCUMENT FOR TESTING ROGBUSTER. NOT A REAL COURT RULE OR ORDER.

Rule 3.1. Scope

This chapter applies to all general civil cases. Rules 3.10 through 3.14 govern written discovery. Where these rules are silent, the Code of Civil Procedure controls.

Rule 3.2. Format of motion papers

Memoranda in support of or in opposition to a motion shall not exceed 15 pages. Reply memoranda shall not exceed 10 pages. Exhibits must be tabbed and bookmarked when filed electronically.

Rule 3.3. Tentative rulings

The court posts tentative rulings by 2:00 p.m. on the court day before the hearing. A party who wishes to be heard must notify the department and all parties by 4:00 p.m. that day.

Rule 3.10. General objections

(a) A response to an interrogatory, inspection demand or request for admission shall not incorporate "general objections" set out at the beginning of the response. (b) Each objection must be stated separately in the response to the specific request to which it applies, together with the factual basis for the objection. (c) A general objection that does not comply with this rule will be disregarded.

Rule 3.11. Privilege log

A party that withholds any document or information on the basis of the attorney-client privilege or the work product doctrine shall serve a privilege log at the same time as the written response. The log shall identify each withheld document by date, author, recipients, general subject matter and the privilege claimed.

Rule 3.12. Responses to inspection demands

(a) A statement that a party will comply with an inspection demand shall state a specific date, no later than 30 days after service of the response, by which production will be completed. A promise to produce "at a mutually agreeable time" or "on a rolling basis" without an end date does not comply with this rule. (b) Where a party objects in part, the response shall state whether any responsive documents are being withheld on the basis of

the objection.

Rule 3.13. Answers to interrogatories

An answer that elects to refer to documents under Code of Civil Procedure section 2030.230 shall identify the specific documents by Bates number or other precise description. A general reference to documents "to be produced" does not comply with this rule.

Rule 3.14. Meet and confer

(a) Before filing any motion to compel further responses, counsel shall meet and confer in person, by telephone or by videoconference. An exchange of letters or emails alone does not satisfy this requirement. (b) The moving party shall propose at least two dates for the conference within ten court days of its first meet-and-confer letter.

Rule 3.15. Informal discovery conference

No motion to compel further responses may be filed in a department that has adopted the informal discovery conference program unless the parties have first participated in an informal discovery conference with the court.

Rule 3.20. Courtesy copies

Courtesy copies of papers exceeding 25 pages, including exhibits, shall be delivered to the department no later than two court days after filing.
